CAPITOL DESERTED.

Republicans En Route to St. Louis, and Democrats Going Home. WASHINGTON, June 12 .- The Capitol was practically deserted to-day. The members and Senators who remained to attend the final sessions of the two Houses yesterday left by scores on the outgoing trains last night; most of the Republicans heading for St. Louis and the Democrats returning to their homes. There were less than a half dozen Congressmen at the Capitol, and those were engaged in clearing up their correspondence preparatory to leav-ing the city. Senator Hill left here to-day for the Stockton at Cape May, where he will spend ten days and then go to Albany prior to attending the Chicago convention. Speaker Reed spent a half hour in consultation with the President this morning before the meeting of the Cabinet. It was said that the object of his call was to take leave formally of the President, as is proper at the end of a session of Congress.

Several Senators and members of the House also called to say farewell. Carlisle Will Testify.

WASHINGTON, June 12 .- The Senate committee appointed to investigate recent bond issues decided at a meeting to-day to to this effect was sent to the Treasury Department and Mr. Carlisle answered that he would be present at the appointed time. Pierpont Morgan and others there. The hearings will be open to the
